

Abtrex Industries, Inc.

Abtrex Industries was founded in 1969 as a supplier to Detroit's metal processing industry, offering rubber and other abrasion- and corrosion-resistant linings and coatings. Today, with five facilities, Abtrex provides world-class quality tanks, pipe assemblies and other process equipment around the globe. Our knowledge and experience in a variety of industries ensures lining systems are suited for your abrasive and/or corrosive application.

Whether it's food-grade or harsh chemical service, proper surface preparation and installation of a lining system is critical to success. Abtrex crews are cross-trained to handle any situation with industry best practices and techniques.

Abtrex's ISO9001-certified Quality Management System, experienced liners and AWS/ASME-certified welders create products and services unsurpassed in the industry.
