

COATINGS INSPECTOR- South Bend, INDIANA

Would you like to:

- Do what you love?
- Work with the right people?
- Make your mark?
- Get paid appropriately?
- Have time for life?

At **Abtrex Industries**, we all work together doing exactly that and we would love for you to join our company.

Since 1969, we have united the right employees who share the same values to help protect our customer's assets and the environment from the bad stuff; it is as simple as that.

Our sweet spot? We specialize in **rubber linings** and **custom fabrications**. If you want to belong to a team that does this well every day, this company's a great fit for you. At Abtrex we work together to double in size as a turnkey manufacturing and rubber lining installation company within the next 5 years. Our clients are companies processing, storage, and ancillary steel equipment that needs protection from abrasion and corrosion anywhere in the world.

We are currently seeking a current or semi-retired **NACE/AMPP level II or III Inspector** to join our team in South Bend, IN, on a **full- or part-time** basis. If you have such experience this role will be a great fit.

Responsibilities:

- Perform both visual and non-destructive testing (NDT) inspections on coatings and linings of industrial equipment (i.e., tanks, pipe), ensuring compliance with company procedures, project specifications and industry standards
- Prepare and maintain inspection reports and documentation
- Detect defects and assist in implementing corrective measures
- Collaborate with project managers, design team and applicators to address issues, offer technical expertise, and ensure adherence to project timelines
- Offer technical support to other divisions
- Participate and support safety, quality, and production meetings
- Perform other duties as assigned

You will love it here if you:

- Get it done

- Believe reputation is key
- Are growth oriented
- Focus on safety

Qualifications:

- NACE/SSPC/AMPP Level II or III coatings inspector certification
- Minimum 5-year experience in working with industrial coatings and linings
- Ability to read and interpret product data sheets for linings, coatings and paint
- Proficiency in reading and interpreting blueprints and technical specifications
- Ability to utilize computers, inspection tools and software effectively
- Knowledge of ISO 9001 standards preferred
- High school or GED degree
- Valid drivers license
