

## **Linings and Coatings Inspector- Cleveland, Hearne, Orange, TX.**

Do you have experience as a **Rubber Lining and Coating Quality Inspector** working in an industrial manufacturing environment?

**Abtrex Industries, Inc.**, a 50+-year-old family-owned business, protects our customers' assets and the environment from the bad stuff. Our sweet spot? We specialize in **rubber linings** and **lining inspections of rail cars**.

The goal is to work together and double in size within the next five years as a turnkey manufacturer keeping our customers and employees in the forefront.

If you are interested in a team environment, working hard to achieve mutual goals, our company is a great fit for you. We are looking for an experienced **Rubber Lining Quality and Coating Inspector** to join our Rail Divisions in one of our locations in **Cleveland, TX, Hearne, TX** and **Orange, TX**.

### **You'll love coming to work every day if you get, want, and have the capacity to:**

- Conduct In-house Lining and Coating Inspections - Perform NDT like spark testing, durometer hardness, and adhesion testing to assess the integrity and quality of rubber linings and coatings.
- Work closely with the plant to improve quality and reviews product consistency
- Help manage, mentor, coach, and train team members
- Work closely with the Quality Manager to ensure all members of the team are aware of the safety policies to provide a safe workplace
- Support safety and housekeeping
- Encourage and promote the operation of a continuous improvement environment
- Participate and supports safety, quality, and production meetings
- Ensure compliance with safety, environmental, and health policies, procedures, company policies, and work instructions
- Inspect and ensure workmanship meets government, industry, customer, and company quality requirements
- Participate in root-cause investigations, and corrective and preventative actions to prevent recurrence

- Ensure that the latest instructions and equipment are used when conducting lining stripping, lining inspections, in existing cars and new applications
- Assure all cars leaving the facility are completed to the full expectation of the customer and regulatory agencies
- Ensure equipment calibration is current and in good condition
- Schedule inspections with plant manager to meet schedules and maintain work flow through the shop
- Perform inspections of lining removal, lining repairs, new lining applications, pre and post lining cure using the latest instructions, and document them accordingly
- Support and contribute in all site internal and external audits
- Maintain all inspection certifications
- Perform other duties as required

**You will love it here if you:**

- Get it done
- Believe reputation is key
- Are growth oriented
- Focus on safety

**Qualifications:**

- Minimum 5-year experience with rubber linings and coatings or rail car repair shop experience
- Experience with Non-Destructive Testing (NDT)
- Must be willing to travel
- High school or GED degree. Experience may be substituted for formal education
- Supervisory experience preferred
- Knowledge of the Federal Railroad Administration's regulations governing the inspection and test of rail cars, and the Association of American Railroads Interchange Rule
- Strong organizational and time management skills

- Leadership skills preferred
- Written and oral communication skills
- Computer proficiency
- Valid TX drivers license
